

The Experimental Center at the University of Technology in Dresden (TUD) is seeking a Technical Assistant for electron microscopy (100%) for the Core Facility Cellular Imaging (CFCI). The position is immediately available for two years. The central facility provides service and expertise in transmission electron microscopy for the research groups of the Faculty of Medicine Carl Gustav Carus.

Required qualifications:

- degree as a technical assistant or equivalent qualification
- experience in bio-medical electron microscopy
- ability to interact with users from different research groups
- basic communication skills in verbal and written English.

Please send your application to:

Prof. Thomas Müller-Reichert  
Leiter der Core Facility Cellular Imaging  
Medizinische Fakultät Carl Gustav Carus der TU Dresden  
E-mail: [mueller-reichert@tu-dresden.de](mailto:mueller-reichert@tu-dresden.de).
